Cap. xxi.

An Act to enable the Mayor, Aldermen, and Burgesses of the Borough of *Newport* in the *Isle of Wight* to raise Monies for the Improvement of the Navigation of the River *Medina*, within the Borough, and to alter and amend certain ancient Tolls and Duties payable to the said Mayor, Aldermen, and Burgesses. [28th *May* 1852.]

WHEREAS *Newport* in the *Isle of Wight* is the principal Market Town of the Island, and is situate on the River *Medina*, but such River is navigable only at certain Times of the Tide, and for Vessels of smaller Burden than the Trade of the Borough and of the surrounding District requires, and than would be employed if the Navigation of the said River was improved, and at Low Water the said River is altogether useless as a Means of Communication between *Newport* and the Sea, by reason whereof great Inconvenience is experienced by the Owners and Masters of Vessels resorting thereto, and the Trade of the Inhabitants and of the surrounding District is greatly interfered with: And whereas it would tend much to the Prosperity and Advancement of the said Town, and to increase the Trade of the said Borough and surrounding District, and would be of great Benefit and Convenience to the Public resorting to and to the Inhabitants of the said Island, if the Channel of the said River, within the Limits herein-after mentioned, were improved so as

to be navigable at all Times of Tide, and if within such Limits Quays, Wharfs, and other necessary and suitable Works and Conveniences for the Trade were constructed: And whereas the Mayor, Aldermen, and Burgesses of the Borough of *Newport*, and the Inhabitants of the said Borough and surrounding District, and the Masters and Owners of Vessels trading to the said River, are desirous that the Navigation of the said River within the Limits aforesaid should be improved, and that the Quays and Wharfs of the said River should be made accessible for Vessels of greater Burden, and that other Quays, Wharfs, and Conveniences for the Trade should be constructed, and that adequate Funds should be provided for such Purposes: And whereas the Queen's most Excellent Majesty, in right of Her Crown, and by virtue of the Royal Prerogative, has Jurisdiction over all navigable Rivers within the United Kingdom, and is seised of the Ground or Soil and Beds and Shores of such Rivers as far as the Tide flows and reflows therein, subject only to such Grants and Conveyances of the Rights and Estate of the Crown in any of such Rivers as have been or may by Law be presumed to have been heretofore made by Her Majesty or any of Her Predecessors, and as are still subsisting and now in force: And whereas by virtue of divers ancient Charters heretofore granted to the Bailiffs and Burgesses of the said Borough, the said Mayor, Aldermen, and Burgesses are entitled to receive and take, and have received and taken, certain Tolls and Duties called Petty Customs upon all Goods, Wares, and Merchandise imported into or exported from any Part of the said Borough, and also certain Tolls and Duties upon all Goods, Wares, and Merchandise unloaded from or loaded on to Vessels at the Wharf belonging to the said Mayor, Aldermen, and Burgesses, called the *Town Quay*: And whereas such Tolls and Duties are of various and different Amounts, and ill adapted to the Trade of the said Borough and Island, and it would be greatly to the Convenience of the Persons engaged in the Trade and Commerce of the said Borough and Island, and tend to prevent Disputes and Litigation, if, instead of such ancient Tolls and Duties, the said Mayor, Aldermen, and Burgesses were authorized to receive and take the several Tolls and Duties set forth in the Fourth Schedule to this Act: And whereas, for the Purpose of improving the Navigation of the said River within the Limits aforesaid, and of constructing and maintaining within such Limits suitable Quays, Wharfs, and other Conveniences for the Trade of the said River, it is expedient that the said Mayor, Aldermen, and Burgesses should be empowered to levy the several Rates, Tolls, and Duties set forth in the Third Schedule to this Act, in respect of Vessels frequenting the said River, and of the Passengers, Horses, Cattle, Sheep, and Coals conveyed in such Vessels between a certain Place in the said Borough called the *Folly* and the said *Town Quay*; but the same cannot be effected without the Authority of Parliament: May it therefore please Your Majesty that it may be enacted; and be it enacted by the Queen's most Excellent Majesty, by and with the Advice and Consent of the Lords Spiritual

and

and Temporal, and Commons, in the present Parliament assembled, and by the Authority of the same, as follows :
