## EXPLANATORY NOTE

*(This note is not part of the Order but is intended to indicate its general purport.)*

This Order has the effect of applying a 40 m.p.h. speed limit to the Limavady-Coleraine Trunk Road, Coleraine, and to a short length of an adjoining road for a period of four months. A factory in the area is being extended and the restrictions are required so that the large number of heavy construction vehicles and private vehicles which will be entering and leaving the factory site via an access on to the trunk road can do so in safety.
