EXPLANATORY NOTE

(This Note is not part of the Regulations.)

These regulations further amend the Supplementary Benefit (Single Payments) Regulations 1981 to make new provision for payments in respect of fuel costs.

They provide for a single payment of £5 to be made for each period of exceptionally cold weather if a member of the assessment unit is chronically sick, disabled, aged less than 2 or 65 or more; and an average temperature of minus 1.5 degrees Celsius is recorded for that period at a climatological station designated for the area (regulations 3 and 4).

They also exclude boarders from the receipt of a single payment for rent payable in advance (regulation 2).

The report of the Social Security Advisory Committee dated 22nd October 1986 on the proposals to make these regulations together with the statement showing the extent to which the regulations give effect to the Committee recommendations and, insofar as they do not give effect to them, the reasons why not are contained in Command Paper No. 18 published by Her Majesty's Stationery Office. The Committee agreed not to have referred to them proposals to amend the provisions relating to rent in advance.
