EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations amend the Teachers' Salaries (Scotland) Regulations, 1956.

The purpose of the amendments in Regulation 2 is to define "salary" so as to secure that a teacher who occupies a school-house under conditions which do not entitle him to a reduction of rent under paragraph 1

(a) 4 & 5 Eliz. 2. c. 60.

of the Third Schedule to the Valuation and Rating (Scotland) Act, 1956, is not placed at a disadvantage as compared with teachers occupying such houses who are entitled to the reduction. Under a provision of that Act the teacher, like all other occupiers of houses, will be liable to pay the whole of the rates, including the part which was formerly the owner's share, but the effect of the existing definition is that he would have to do so without having any compensating adjustment made in the amount which is included in his salary in respect of the annual value of the school-house.

The purpose of the amendment in Regulation 3 is to make certain highly qualified teachers employed in secondary schools who are paid on one or other of the two highest salary scales ineligible for the addition to basic scales of £25 payable to certain less highly qualified teachers paid on lower scales.
