EXPLANATORY NOTE

(*This Note is not part of the Scheme, but is intended to indicate its general purport.*)

The purpose of this Scheme is to enable teaching service in schools which are efficient but not grant-aided to be pensionable on a scale approximating to the benefits payable under the Teachers (Superannuation) Act, 1925, in respect of service in grant-aided schools.

The Scheme is an alternative to the Scheme for non-grant-aided schools made in 1926. Under that Scheme the contributions are, as under the Act of 1925, at the rate of 10 per cent.; but, in order to comply with the requirement of Section 21 (1) (*a*) of the Act that the Scheme should be self-supporting, benefits under it are on a lower scale than those payable under the Act in respect of service in grant-aided schools.

The present Scheme provides benefits more nearly approximating to those payable under the Act in respect of service in grant-aided schools, but, in order to comply with the requirement that the Scheme should be self-supporting, the rates of contribution are fixed at 12½ per cent. instead of 10 per cent.
