to illness the teacher shall be entitled to receive salary at the rate appropriate to the period of absence owing to illness immediately prior to such school leave ;

(*f*) Where a teacher is certified by his medical attendant as unfit for full-time duty but is fit for light duty only, a period of such light duty may be considered as leave under this Regulation.

34. After a teacher has been absent from duty owing to illness for more than ten days in the aggregate in any school year no payment of increment grant shall be made by the Ministry in respect of that teacher nor shall the teacher be entitled to salary in respect of any further period of absence unless a medical certificate is furnished.

35.—(*a*) Payment of full salary may with the approval of the Ministry be made to a teacher during a brief period of absence due to infectious disease in his home or to the serious illness of a near relative.
