(2) (A) " chargeable imported softwood " means any imported softwood mentioned or described in the Schedule to this Order ;

(B) " quota holder " means any person who immediately before the 1st day of April, 1950, was the holder, under the scheme of control, of an authority issued by the Board of Trade and bearing the identification T.C./3/8/Q2/F or T.C./3/8/Q2/S ;

(ii) both (*a*) is stored by or on behalf of the Board of Trade immediately before the said 1st day of April, 1950, or is brought over the ship's rail in the United Kingdom on or after that day, and also (*b*) is invoiced to or to the order of that quota holder by or on behalf of the Board of Trade at prices not exceeding the maximum prices which were provided immediately before that day by or under the provisions of the Imported Softwood Prices Order, 1949(a), for imported softwood of that description ;

(a) S.I. 1949 No. 1079.

Provided that nothing in this definition shall include as "quota holder's chargeable imported softwood" in relation to any quota holder, any chargeable imported softwood in respect of which it is proved that immediately before the 1st day of April, 1950, it was timber buyer's chargeable imported softwood;

(E) "timber buyer" means any person who, whether or not also a quota holder, is, on or after the 1st day of April, 1950, entitled, by reason of an agreement made before that day for the supply to him or storage on his behalf of any imported softwood, to require any quota holder either—

(i) to appropriate to that agreement any imported softwood, or

(ii) to deliver to him or to his order any imported softwood appropriated to that agreement before that day, or

(iii) to move or permit to be moved any imported softwood from any place in the United Kingdom in or at which it is stored,

the imported softwood being in each case softwood which would, if the proviso were omitted from the immediately preceding definition (D), be quota holder's chargeable imported softwood in relation to a quota holder;

(F) "timber buyer's agreement" means an agreement such as is referred to in the immediately preceding definition (E);

(G) "timber buyer's chargeable imported softwood" means, in relation to any timber buyer, any chargeable imported softwood which, being imported softwood of the description given at the end of the preceding definition (E) in this paragraph, is the subject of or required for the performance of a timber buyer's agreement to which he is the buying party; and

(H) "description" means, in relation to any chargeable imported softwood, an assortment of that chargeable imported softwood in terms of quality, description, thickness, and width, but regardless of length.

2.—(1) The Timber (1950) Charge is a charge computed on a quota holder's or timber buyer's chargeable imported softwood in accordance with the "Instructions for computing the Timber (1950) Charge" set out in the Schedule to this Order.

(2) The Timber (1950) Charge is hereby imposed—

(*a*) on every quota holder in respect of his quota holder's chargeable imported softwood, and

(*b*) on every timber buyer in respect of his timber buyer's chargeable imported softwood:

Provided that no Timber (1950) Charge shall be imposed on any timber buyer in respect of any imported softwood in respect of which a further timber buyer can enforce a timber buyer's agreement against him.

(3) (*a*) The Timber (1950) Charge imposed on a quota holder in respect of his quota holder's chargeable imported softwood shall be paid by that quota holder.

(*b*) The Timber (1950) Charge imposed in respect of any chargeable imported softwood being a timber buyer's chargeable imported softwood shall in the first instance be payable by and recoverable from that quota holder in relation to whom that softwood would, if the proviso were omitted from definition (D) in paragraph (2) of Article 1 of this Order, be quota holder's chargeable imported softwood; and—

(i) that quota holder is hereby empowered to recover the amount of that charge from the timber buyer entitled to enforce against him the timber buyer's agreement in respect of that softwood; and

(ii) the timber buyer referred to in (i) immediately preceding, and any succeeding timber buyer of that softwood or of any portion thereof, are hereby each respectively empowered (notwithstanding that by reason of the proviso to paragraph (2) of this Article no charge may be imposed on him) to recover from his immediate next purchasing timber buyer, so much of the amount of the Timber (1950) Charge on that softwood as is recoverable from him by his vendor in respect of so much of that softwood as is the subject of, or required for the performance of, the timber buyer's agreement in favour of that next purchasing timber buyer.

(4) Every person liable to pay any Timber (1950) Charge in respect of any chargeable imported softwood shall pay that Charge within Seven days of the receipt of a demand by the Board of Trade for the payment of that Charge.

(5) All Timber (1950) Charges shall be paid to the Board of Trade or as the Board may direct, and shall be recoverable as debts due to the Crown, and also in every part of the United Kingdom except Scotland and Northern Ireland shall be recoverable by the Board of Trade in the same manner as a civil debt under Section 35 of the Summary Jurisdiction Act, 1879(**a**), is recoverable.

3. All moneys received by the Board of Trade in respect of any Charge payable under this Order shall be paid into the Board of Trade Timber Control Account.

4. The Timber (Charges) (No. 10) Order, 1949(**b**), is hereby varied in the definition of "quota holder's chargeable imported softwood" (which is in Article 1 (2) (D) of that Order), in part (*b*) of head (ii) of that definition, by substituting for the requirement "is invoiced", the requirement—"is, before the 1st day of April, 1950, invoiced".

5. This Order shall come into operation on the 1st day of April, 1950; and may be cited as the Timber (Charges) (No. 11) Order, 1950.

Dated this 27th day of March, 1950.

Wm. Hannan,
Two of the Lords Commissioners of
His Majesty's Treasury.

THE SCHEDULE

INSTRUCTIONS FOR COMPUTING THE TIMBER (1950) CHARGE

1. The Timber (1950) Charge in respect of any quota holder's or timber buyer's chargeable imported softwood shall be computed by—

Provided that where the " description " is made up of lengths which make it possible for that " description " to be sorted either into (*a*) one or more length assortments for that " description " being assortments for each of which a rate of charge is specified, or alternatively into (*b*) one or more length assortments for that " description " being assortments for some or all of which no rate of charge is specified, then, in each case where such an alternative aforesaid is possible, that " description " shall be sorted only into a length assortment (or, as the lengths in it may permit, length assortments) for which (or, as the case may be, for each of which) a rate of charge is specified:

(iv) **charging** each length assortment ascertained under (iii) above for each " description ", **at the rate specified in bold figures** for that length assortment in the Table or sub-Table in which it occurs: and

EXPLANATORY NOTE

(*This Note is not part of the Order, but is intended to indicate its general purport.*)

The Order, which comes into force at the same time as the Imported Softwood Prices Order, 1950, made by the Board of Trade (S.I. 1950 No. 399) and effecting softwood price increases and decreases, imposes a charge (corresponding to the price increases) in respect of all price-increased imported softwood in quota holders' hands at the old prices (or so coming into their hands after the price increase); that is to say in respect of—

(i) all price-increased imported softwood in quota holders' hands at the end of March, 1950, and

(ii) all price-increased imported softwood invoiced by or on behalf of the Board of Trade to quota holders at or below the old maximum prices and delivered to them on or after the 1st April, 1950,

whether such softwood is for their own account or for a customer. (A "quota holder" is a timber merchant authorised to deal in imported softwood.)

The charge is imposed on the quota holder in respect of the quota holder's own softwood, and on the customer in respect of the customer's softwood: but in the latter case the amount of the charge is collectable from the quota holder who is entitled to recover that amount from the customer; and where as a result of agreements *made before the 1st April, 1950,* softwood which has become charged has to pass through the hands of several buying quota holders before reaching the ultimate customer, each quota holder in the chain can pass on the original charge to his successor and collect it from him.

(*Note:* As the Board of Trade Order makes price reductions as well as increases, quota holders will have to sell their outstanding stocks of price-reduced imported softwood at prices lower than the former maximum prices. This brings into operation Clause 19 (commonly known as "*the Fall Clause*") of the 1949 Post-War Reconstruction Scheme for Imported Softwood. To save preparing special returns and schedules for these "*fall clause payments*", their rates have been printed in the Schedule in *italic figures* enclosed in square brackets, e.g.—[*£1 5s. 0d.*]; and the Schedule tabulates as chargeable all imported softwood affected by the Board of Trade Order, whether or not it is in fact charged.)
