EXPLANATORY NOTE

(This Note is not part of the Regulations.)

These regulations amend regulation 11 of the Town and Country Planning (Development Plans for Greater London) Regulations 1966, which prescribes the matters to be dealt with in the written statement which is to form part of the Greater London development plan to be prepared by the Greater London Council under section 25(3) of the London Government Act 1963.

Paragraph (*l*) of that regulation required the inclusion in the said written statement of a statement of general policy as regards the criteria to be used in considering applications for planning permission for high buildings in Greater London. Regulation 2 of these regulations substitutes for that paragraph a paragraph which requires, as part of a statement of general policy with regard to high buildings in Greater London, indication of areas where the Greater London Council think high buildings should not be erected and, in respect of applications for high buildings elsewhere, indication of the different sets of criteria which should be applied in different areas or types of area.
