(This Note is not part of the Regulations.)

These Regulations make a number of amendments to the Town and Country Planning (Development Plans for Greater London) Regulations 1966 (as amended).

The principal amendments are as follows:—

(*a*) regulation 4 is extended to permit the inclusion in the Greater London development plan of such diagram or diagrams as the Greater London Council deem appropriate;

(*b*) regulation 10 (which requires that, where in the opinion of the local planning authority the stages by which any development proposed by the development plan should be carried out cannot be conveniently indicated in the written statement, they may with the Secretary of State's consent be shown on a programme map) has been deleted;

(*c*) regulation 11 (which specifies the matters to be included in the Greater London development plan Written Statement) has been amended as follows:

(i) the statement of general policy on employment in Greater London, which is required to indicate where growth of industry and commerce is to be encouraged (paragraph (*d*)), no longer has to indicate the volume of employment proposed;

(ii) the requirement that the written statement shall indicate the major traffic interchange points forming the pattern of communications (paragraph (*f*)) has been amended to refer instead to major transport interchange points;

(iii) the requirement that, in the absence of a programme map, the stages by which development proposed by the plan should be carried out must be indicated in the written statement (paragraph (*p*)) has been deleted.

(iv) the requirement that the written statement shall contain a statement of general policy on the use of land in connection with the Greater London Council's functions as the Inner London Education Authority (paragraph (*r*)), has been deleted.

(*d*) Regulations 13 and 15 have been amended to take account of the fact that proposals in a development plan may be shown by diagram.

(*e*) All references to local development plans have been deleted from the regulations as the form and content of local plans prepared under Part II of the Town and Country Planning Act 1971 is now governed by the Town and Country Planning (Local Plans for Greater London) Regulations 1974 (1974 No. 1481).
