(*b*) In the case of home-produced toys the maximum price which may be charged by a wholesaler who carries substantial stocks and maintains a regular selling organisation for supplying the retail trade is fixed at the purchase price paid to the manufacturer or factor by the first purchaser and 30 per cent. thereof. Hitherto the percentage margin was 33⅓ per cent.

(*c*) The definition of a factor has been amended by removing the requirement that he should have carried on business as a factor at all times since March, 1939.

(*d*) Article 3 provides that a single contravention of subsection (1) of Section 1 of the Goods and Services (Price Control) Act, 1941, will have been committed by a manufacturer if it be proved that the aggregate prices charged by him for goods over a period exceed the aggregate prices for those goods calculated under this Order.

(*e*) Direct and indirect increases in wages, salaries and commission agreed after February 4th, 1948, are not to be taken into account in calculating the manufacturer's costs of production and sale if and in so far as such increases result in a rise in the cost of goods, or if they are offset by a reduction in the prices paid for materials.

(*f*) Christmas crackers have been added to the list of toys to which the Order applies.

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order corrects an error in the Toys and Indoor Goods (Maximum Prices and Records) Order, 1948 (S.I. 1948 No. 1734) by providing that on a sale of home-produced goods to a retailer the factor's percentage addition to the purchase price paid to the manufacturer and the wholesaler's percentage addition to the purchase price paid to the factor or manufacturer is 30 per cent. and not 35 per cent.

An amendment of detail is made in Article 13 relating to the citation.
