EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations consolidate with amendments the Regulations specified in Regulation 36. The principal amendments are as follows. The requirements as to the form of prescription and labelling are relaxed as respects certain poisons previously included in the Fourth Schedule (which sets out the poisons which may be sold by retail only upon prescription) and these poisons are now set out in a separate part of the Schedule, Part B, which includes also other poisons among which are certain poisons added to the Poisons Schedule by the Poisons Order (Northern Ireland), 1960. The requirements of section 28(3) of the Medicines, Pharmacy and Poisons Act (Northern Ireland), 1945, (which requires particulars of medicines supplied or dispensed under that section to be entered in a book) are relaxed by Regulation 7 in the case of certain prescriptions given by a registered dentist. The provisions of Regulation 4(3)(*c*) of the Poisons Regulations (Northern Ireland), 1956, requiring that an article, to which that Regulation applied, sent by post, should be sent by registered post, is omitted. A certificate authorising the purchase of monofluoroacetic acid or its salts is now required to state the quantity to be purchased and the seller is required to retain the certificate. The provision that where a poison other than a poison included in the First Schedule was sold in the container and outer covering in which it was obtained by the seller the name and address of the seller need appear only on the outer covering is now extended by Regulation 20(3) to all poisons. There is added to the Seventh Schedule a new paragraph, paragraph 9, requiring the labelling of certain medicines for the prevention of motion sickness. Certain insertions have been made in the First and Fourth Schedules in order to impose appropriate restrictions in respect of the poisons added to the Poisons Schedule by the Poisons Order (Northern Ireland), 1960. Certain other changes have been made in the lists of substances in respect of which restrictions or requirements are imposed by virtue of the various Schedules, and account has been taken of changes of nomenclature and classification.

Sealed with the Official Seal of the Ministry of Finance for Northern Ireland this 5th day of September, nineteen hundred and sixty.

(L.S.) *K. R. Shimeld,*
Assistant Secretary.

EXPLANATORY NOTE

(This note is not part of the Regulations, but is intended to indicate the general purport.)

The existing Regulations require that a candidate for a trade scholarship shall have had one year industrial experience on the first day of September in the year in which he applies for an award. This amendment changes this to require that a candidate shall have completed his industrial experience by the beginning of his course, and gives the Ministry power to waive the requirement.
