During the continuance of any agreement to be entered into under the provisions of this Act for the use of the railway or any part thereof by any other company or companies, the railways of the Company and of such other company or companies shall for the purposes of short-distance tolls and charges be considered as one railway; and in estimating the amount of tolls and charges in respect of traffic conveyed partly on the railways of the Company and partly on the railways of such other company or companies for a less distance than three miles, tolls and charges may only be charged as for three miles; and in respect of animals and goods, for every quarter of a mile or fraction of a quarter of a mile beyond three miles, tolls and charges as for a quarter of a mile only; and no other short-distance charge shall be made for the conveyance of

Deposits for future Bills not to be paid out of capital.

51. The Company shall not, out of any money by this Act authorised to be raised, pay or deposit any sum which, by any standing order of either House of Parliament now or hereafter in force, may be required to be deposited in respect of any application to Parliament for the purpose of obtaining an Act authorising the Company to construct any other railway or to execute any other work or undertaking.
