EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

The River Boards Act, 1948, requires the Ministers by order to define river board areas and to establish river boards for those areas. The Trent River Board Area having been defined by the Trent River Board Area Order, 1950, this Order establishes the river board for that area.

As required by the Act, this Order specifies the total number of members of the Board, and the number of those members who are to be appointed by councils of counties and county boroughs. It also provides for the appointment of one member by the National Coal Board. The Act itself provides for the appointment of the remainder.

As from the appointed day fixed by this Order in relation to the Trent River Board Area the functions relating to land drainage, fisheries and river pollution which the Act transfers, become exercisable by the river board in relation to its area, and cease to be exercisable by other bodies.
