EXPLANATORY NOTE

(This Note is not part of the Order but is intended to indicate its general purport.)

This Order amends the Swine Fever (Infected Areas Restrictions) Order, 1956. The principal amendments make provision for the selling of swine at a dispersal sale of livestock on premises within an infected area, and for the movement of swine in the course of transport by road between two places outside an infected area through an infected area. The Order also makes contravention or failure to comply with any conditions attached to any licence issued under these Orders an offence against the Diseases of Animals Act, 1950.
