EXPLANATORY NOTE

(*This Note is not part of the Regulations.*)

Section 1 of the Education Act 1962 imposes on local education authorities an obligation to make awards in order to enable students to attend designated courses at universities and establishments of further education. These regulations designate the courses to which the duty to make an award relates, and prescribe the conditions and exceptions to which it is subject, the educational qualifications requisite for an award, and the payments to be made thereunder.

Section 1 of the Act further confers on authorities a power to make an award to a student who is not eligible for an obligatory award, to enable him to attend a designated course; and (under subsection (5) of section 1) these regulations, except regulations 4, 5, 6 and 7, apply to such an award also.

These regulations consolidate the previous regulations set out in Schedule 3, prescribe new rates of payments and make certain minor changes.
