This Order amends the Utility Apparel (Oilskins) Order, 1948. The principal changes are as follows:—

(1) Manufacturers' maximum prices for utility oilskins are now those specified in Part I of the Schedule to this Order instead of " cost plus " with overriding maximum prices as hitherto.

(2) Maximum prices for cycling capes of size 45 in. made from cloth of the Specification No. X3164 and fishermen's oilskins and other oilskins made from cloth of the Specification No. X3162 are higher than the previous overriding maximum prices for such garments. Maximum prices for cycling capes of other sizes and cycling leggings made from cloth of the Specification No. X3164 are lower than the previous overriding maximum prices for such garments.

(3) Manufacturers may no longer use cloth of the Specification Nos. 3162 or X3162 for making up cycling oilskins.
