## PART II

1. All garments other than infants' capes made and supplied under the authority of this Order shall comply with the following requirements:—

(1) In relation to single texture garments other than those made from cloth of the specification number X3152:—

(*a*) armholes shall be sewn, bent over with solution and taped; all other seams shall be sewn and taped;

(*b*) the bottom of sleeve, bottom of skirt, inside edge of facing, front edges and collar edges shall be treated with solution;

(*c*) inside pocket patches shall be hinged and shall be stuck and stayed with material;

(*d*) collar of coat or cape shall be affixed with solution; and

(*e*) all buttons and buttonholes shall be stayed.

(2) In relation to single texture garments made from cloth of the specification number X3152 and double texture garments:—

(*a*) the seams of all garments shall be sewn and taped;

(*b*) the bottom of sleeve, bottom of skirt and inside edge of facing shall be treated with solution;

(*c*) pocket patches shall be sewn through and taped or shall be hinged and stuck and stayed with material; and

(*d*) collar of coat or cape shall be affixed with solution.

2. In Part I of this Schedule the chest and bust measurements are those of the person by whom the garments are to be worn, measured over the waistcoat or dress.

PART III

1. In relation to an outsize garment the appropriate price specified in Part I of this Schedule shall be deemed to be increased by 10 per cent. thereof.

For the purposes of this paragraph " outsize garment " means—

(*a*) a waterproof coat to fit a man having a chest measurement (measured over the waistcoat) exceeding 42 inches, or

(*b*) a waterproof coat or cape to fit a woman having a bust measurement (measured over the dress) exceeding 38 inches.

2. In relation to a man's or woman's garment which is not of a stock size (that is, a size normally made by the manufacturer ready-to-wear) and which is made to the measurements of a retail customer and cut singly by a special order cutter, the appropriate price specified in Part I of this Schedule (together with any increase, where appropriate, indicated in the foregoing paragraph) shall be deemed to be increased by 12½ per cent. thereof.

EXPLANATORY NOTE

*(This Note is not part of the Order, but is intended to indicate its general purport.)*

This Order replaces the current Order on waterproofs.

It provides that the manufacturers' maximum prices are maximum cash prices only instead of " cost plus " with overriding maximum prices as heretofore. The maximum cash prices for waterproofs made from unsubsidized cloths (i.e. cloths of a specification number preceded by the letter " X ") are higher than the previous overriding maximum prices for such garments.
