EXPLANATORY NOTE

(This Note is not a part of the regulations but is intended to indicate their general purport.)

The regulations are made under Section 18 of the War Damage (Public Utility Undertakings &c.) Act, 1949. They provide for payments in respect of the cost of measures properly taken to deal with obstructions caused by the occurrence of war damage in waterways. Claimants qualifying for payments under the regulations will include waterway authorities (other than public utility undertakings in the sense of the above Act) and the owners of the obstructions, provided in both cases that they have incurred the cost of the measures taken. Owners of Class B obstructions—broadly speaking sea-going vessels and their cargoes, which were insurable or re-insurable under the War Risks Insurance Act, 1939, against raising charges —will not be entitled to payments. Payments to owners of obstructions which are vessels or cargoes will be made by the Board of Trade ; all other payments will be made by the War Damage Commission. Payments will be of the proper cost of the measures taken less any amounts recoverable. Time limits are set for the notification and submission of claims, and claimants are required to submit the necessary particulars.
