(vi) the condition of the apparatus, belt or rope, and particulars of any defect found at the examination;

(vii) in the case of a compressed oxygen apparatus, a compressed air apparatus or a reviving apparatus, the pressure of oxygen or of air as the case may be in the supply cylinder.

Sealed with the Official Seal of the Ministry of Health and Social Services for Northern Ireland this 11th day of August 1967.

(L.S.) *H. A. Lowry,*
Assistant Secretary.

EXPLANATORY NOTE

(This Note is not part of the Order but is intended to indicate its general purport.)

This Order prescribes the particulars to be contained in the report on an examination of any apparatus, belts or ropes for the purposes of Section 31(6) of the Factories Act (Northern Ireland) 1965, which requires the provision of breathing, reviving and rescue apparatus for the protection of persons working in confined spaces in which dangerous fumes are liable to be present. It replaces the Factories (Breathing Apparatus, Etc.—Report on Examination) Order (Northern Ireland) 1949, which contained similar provisions.
