In pursuance of the power conferred by Section 8, sub-section 6, of the Workmen's Compensation Act, 1906, and the Government of Ireland Act, 1920, and the several Orders made thereunder,

the Ministry of Labour for Northern Ireland hereby makes the following Order :—

(1) Subject to the modifications hereinafter specified the provisions of Section 8 of the Workmen's Compensation Act, 1906, shall extend and apply to the disease or injury and processes specified in the first and second columns of the Schedule annexed to this Order, as if the said disease or injury were included in the first column of the Third Schedule to the Act, and as if the said processes were set opposite in the second column of that Schedule to the disease or injury to which they are set opposite in the second column of the Schedule annexed hereto.

(2) A worker suffering from cataract shall be entitled to compensation under the provisions of the said Section, as applied by this Order, for not more than six months in all, and for not more than four months unless he has undergone an operation for cataract.
